

Quick Reference Guide for Scientific Library's Electronic Databases

Available via Scientific Library's Home Page - <http://www-library.ncifcrf.gov/>

Access Science	AGRICOLA	Beilstein	Biological Abstracts	Books-in-Print	Britannica Online	Chem Sources USA and Int'l.	Chemical Abstracts on CD-ROM	CINAHL	Cochrane Library	Current Index to Statistics
Available NCI-Frederick via the Web	Available NCI-Frederick via the Web through NIH OVID	Available in Library <u>only</u> from <u>one</u> workstation	Available NCI-Frederick via the Web through NIH OVID	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available in Library & remotely (call x5849 to connect)	Available NCI-Frederick via the Web through NIH OVID	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web
Use to search scientific articles; web version of McGraw-Hill Encyclopedia of Science & Technology	Use to search for agricultural information, including animal science	Use to search chemical properties, structures, journals	Use to search biology-related journals	Use to search book prices, publishers, and out-of-print titles	Use to search general information ; includes general dictionary	Use to search information about 250,000+ commercial chemicals	Use to search chemical literature, unique journals, patents	Use to search nursing & allied health literature	Use to search information about clinical trials	Use to search bibliographic index to statistical publications

Current Protocols Library	Cytokine Reference	Directory of Graduate Research	EMBASE	Encyclopedia of Life Sciences	Encyclopedia of Virology	Faculty of 1000	Handbook of Chemistry & Physics	Harrison's Online
Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web from ScienceDirect	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web
Use to search web versions of Current Protocols , i.e. Current Protocols in Immunology	Use to search cytokines & other mediators of host defense; web version of 2-volume print reference	Use to search information on chemical research & researchers at universities	Use to search biomedical & pharmacologic info; web version of Excerpta Medica	Use to search updated articles in the biological sciences; includes news, glossary & links	Use to search general virology information; web version of print Encyclopedia	Use to search reviews of journal articles recommended by 1000+ researchers	Use to search scientific facts, figures, tables, indexes; web version of classic text	Use to search general medical information

Health & Psychosocial Instruments (HAPI)	Instructional CD-ROM	Journal Citation Reports	Linscott's Directory of Immunological & Biological Reagents	Marquis Who's Who	MD Consult	MEDLINE	MSRS Primary Antibody Database	Natural Medicines Comprehensive Database
Available NCI-Frederick via the Web through NIH OVID	Available in Library <u>only</u> from <u>one</u> workstation	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web through NIH Ovid	Available NCI-Frederick via the Web with User ID & Password	Available NCI-Frederick via the Web
Use to search information on measurement instruments in health fields	Use to learn new scientific subjects; i.e. genetics, microbiology, biochemistry, HIV & AIDS, etc.	Use to search journal evaluations & analysis; provides impact factors	Use to search immunological products & services; web version of well-known print reference	Use to search biographical information on people from many different fields; taken from 20 print editions	Use to search clinical information; "Generic" & "Personal" editions available	Use to search biomedical literature SEE ALSO: PubMed	Use to find basic information on Primary Antibodies and suppliers	Use to search natural medicines and supplements; extensive coverage of drug-herb interactions

NCI-Frederick-in-Print	NIH Ovid	NLM Gateway	Online Catalog	Other Full-Text Resources	The Prokaryotes	PsychINFO	PubMed	Web of Science	World of Learning
Available worldwide via the Web	Available NCI-Frederick via the Web	Available worldwide via the Web	Available worldwide via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web through NIH Ovid	Available worldwide via the Web	Available NCI-Frederick via the Web	Available NCI-Frederick via the Web
Use to search works written by NCI-Frederick personnel	Use to search MEDLINE, Biological Abstracts, PsychINFO, CINAHL, AGRICOLA, HAPI	Use to search a single strategy against multiple databases; includes OLDMEDLINE	Use to search <u>ALL</u> materials available in Scientific Library	More full-text books and journals are available from the Online Journals section of the Library's web page	Use to search for comprehensive microbiology information	Use to search psychology literature	Use to search MEDLINE & more; links to some full-text journal articles	Use to search scientific & social scientific disciplines, search cited references	Use to search global institutions of higher learning; includes addresses & phone numbers
